USAGE GUIDELINES AND ENVIRONMENTAL CONSTRAINTS

- The tag should be visible to customer.
- Tag uniformly, it speeds up removal.
- Tag near a price label. It assists in the removal.
- Place the tag as high as possible when tagging silks and light or stretchy fabrics.
- Insert pins through the garment then gently push into the tag.
- Never force the pin into the tag.
- Never use bent pins.
- Except for leather goods we do not recommend locating the tag at the seams, as the seams are easily cut open to remove the pin.
- Avoid placing tags on waistbands, cuffs, hems or perimeters which can be easily cut off from the clothes.
